COLOUR PALETTE:

The colour palette comprises the colours show below.

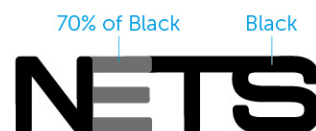

The PANTONE MATCHING SYSTEM® is a colour standardisation system. It is used worldwide in printing, publishing and packaging.

PANTONE 293C

PANTONE 185C

SINGLE COLOUR VERSION

The single colour option is produced in greyscale or NETS Corporate red. It must only appear on white background.

LOGO ON DARK/COLOURED BACKGROUND

On dark/coloured backgrounds, place the full colour version of the logo against a solid white tile. The size of the tile should adhere to the minimum clear space require around the logo.
