Accept Indonesian digital payment apps via NETS terminal

Let your customers pay with their **Indonesian digital payment apps** by generating a **NETS QR** code on your **NETS terminal**.

1

Enter purchase amount in **SGD** and select **NETS** as payment mode

2

Select **NETS QR** and wait for NETS QR code to be displayed on terminal screen

3

Customer scans **NETS QR** on the terminal using their **Indonesian digital payment apps**

4

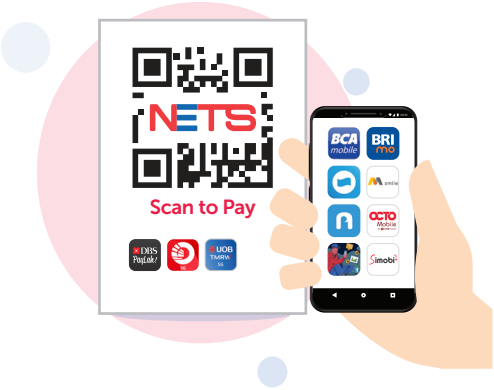

Payment is approved upon successful authentication

NOTE: You should not render goods and services if your terminal did not indicate a successful transaction even though the customer's app shows a successful payment. Please advise the customer to complete the transaction via other payment methods.

The above steps may vary depending on terminal model.

Accept Indonesian digital payment apps via SGQR

To make **QR payments** from **Indonesian digital payment apps**,
your customers simply need to:

1 Use **Indonesian digital payment apps** to scan **SGQR label**.

2

Enter the amount in **SGD**.
Payment in SGD will be
converted to **IDR**.

3

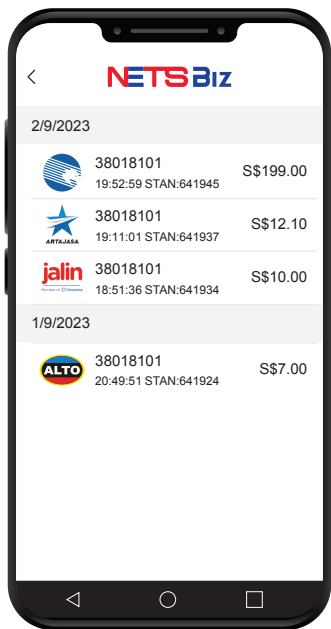

Verify and confirm
payment details.
Enter Indonesian digital
payment app pin if
applicable.

4

Once payment is
successful, you can
verify the transaction
via the
NETSBiz app.

Accept Indonesian digital payment apps via SGQR

If the transaction is successful, you will receive a notification via the **NETSBiz app**.

1. Please proceed to render goods and services only upon receiving a successful transaction notification. If the **NETSBiz app** does not display a successful transaction notification while the customer's app does, please close and reopen the **NETSBiz app** to confirm.
2. The app can also be used to view your daily sales totals and transaction history for transactions initiated via the **SGQR label**.
3. Refer to the **NETSBiz guide** for more information.

NOTE: Merchants will be liable for transaction discrepancies that result from failure to validate receipt of funds via the NETSBiz app. If transaction was unsuccessful, you can advise the customer to complete the transaction via other means. If funds were deducted from the customer's app but you did not receive notification, please advise the customer to initiate a refund process directly with their bank.

Settlement via MerchantConnect Portal

Funds will be credited to merchant's bank account and displayed in **MerchantConnect Portal** within one business day for transactions made using **Indonesian digital payment apps** before 10.30pm. [T + 1]

For a consolidated view of your transactions, log in to **MerchantConnect Portal**. Transaction records for **Indonesian digital payment apps** payments can be identified as follows:
