Sign up with NETS to accept QR payments from Indonesian digital payment apps

Digital payments have become the payment method choice of Indonesians. The NETS QR code within your SGQR label and NETS terminal will automatically allow you to accept QR payment from **Indonesian digital payment apps**.

No additional set up or installation required.

About the Indonesian digital payment apps

NETS and Indonesia's national switches, RAJA (Rintis, Artajasa, Jalin, and Alto) have established a cross-border QR payment linkage to support QR code payment acceptance from leading Indonesian digital payment apps. Your business can now accept payments from your customers' preferred digital payment apps, while offering them a secure and convenient mobile payment experience.

Individuals from Indonesia will be able to pay by simply scanning your existing SGQR label or/and NETS QR on your NETS terminal with their Indonesian digital payment apps.

Benefits of accepting Indonesian digital payment apps

Single point of contact and support from NETS

Accept QR payments from Indonesian digital payments apps

Let your customers pay with their **Indonesian digital payment apps** by scanning the **SGQR** or **NETS QR** code generated on your **NETS terminal**, where applicable.

Here are the steps to generate NETS QR code on your terminal:

1

Enter purchase amount in **SGD** and select **NETS** as payment mode

2

Select **NETS QR** and wait for NETS QR code to be displayed on terminal screen

3

Customer scans **NETS QR** on the terminal using their **Indonesian digital payment app**

4

Payment is approved upon successful authentication
