About the BCA Card

The BCA Card is a credit card by Bank Central Asia (BCA) first issued in 1979. The first credit card in Indonesia, the BCA Card is similar to other credit card payment networks that exist in the market. The cards are easily recognisable by its signature blue rectangle logo with the "BCA Card" branding in the lower right corner.

The NETS network in Singapore is now able to accept credit card transactions with the BCA Card logo, making it possible for a vast majority of Indonesian tourists to conveniently shop and pay.
